BOAT SLIPS: Boats are not to be tied up on the outside of the Community's boat docks. If a boat is left on Community common ground, and poses any hazard, it will be towed immediately. All boats are to be tied up in their assigned boat slips. A boat slip is to be only occupied by the boat registered to that slip renter. The maximum length of boats that can use a regular boat slip is twenty-four (24) feet if available as based on boat's registration. A current Indian Rocks boat sticker with a specific registration number will be assigned to each boat owner and must be displayed on the side of the boat facing the shoreline and low enough that it can be viewed from the shore with the boat cover in place.

The slip renter must pay the current assessment and rental fee by January 31st of the current year, or the slip will be reassigned to another property owner. After the one-season grace period, the boat slip lessee must provide necessary documentation (i.e., boat registration and insurance) by March 31st to retain their boat slip lease for the current year's season. If a boat slip lessee does not provide necessary documentation by March 31st following a one-season grace period, the boat slip will be offered in writing to the next member in good standing on the waiting list. This grace period is only available one time per property owner.

Notification of dates for placing boats on community docks in the spring and removing them in the fall will be through the Indian Rocks Website (www.indianrocks.com) and the main entrance Community Bulletin Board.

It is the Property Owner's responsibility to have their boat removed from the community docks on or before the specified date of removal. Indian Rocks is not responsible for any boats not removed by the specified removal date in the fall.

The Association, Board of Directors or its employees are not responsible, nor will incur any responsibility or liability for any reason, for any/all boats that incur damage by fire, vandalism, theft, storm damage, or any other means, while docked on/at the community docks.

PLEASE NOTE: If you already have an existing traditional boat in a boat slip and you decide to change to a PONTOON or larger vessel, check with the Office. The pontoon boat may not fit in your boat slip due to the wider width of these particular boats. Since the Association attempts to accommodate as many Property Owners as possible, there may not be another slip available for the pontoon. Damage to other boats is a concern and damage caused by your boat will be your responsibility.

Boat slips are not transferable when a house or lot is sold. The new Owner desiring a boat slip will be placed on the waiting list. A boat placed in a community slip over the

specified limit may be removed at the Owner's expense, the Owner gives up their privilege to a slip and will incur a daily fine as per the current year's Fee and Fines Schedule attached to the assessment for every day the boat remains in the community slip. In the event of non-compliance with this regulation litigation will follow. Rules governing the use of boat slips also apply to the property owner who rents their house and boat slip whether daily, weekly, monthly, or seasonally. The Property Owner is responsible for their renter following the rules. No Property Owner may charge a renter(s) a slip rental fee for more than the cost of the slip for that current year.

BOAT/PWC SLIP ASSIGNMENT: Boat/PWC slips are assigned on a year-to-year basis. Each household is limited to one boat slip and two PWC slips, as available, per year. Only one watercraft is permitted per slip. Property Owners who had a slip the previous year will have the option to use the same slip in the following year. Only when they choose not to retain that slip will it become available. Property Owners who want to rent a slip for the first time should inform the Association Office and they will be put on a waiting list. After all Property Owners who have previously rented a dock slip and have paid their current assessment and rental fee in full have been assigned, then the Property Owners on the waiting list, who are in good standing, will be assigned a slip if there are any available. Property Owners will be notified when a slip has been assigned to them. At that time, the Association will require the slip rental fee to be paid in full. A boat slip lessee who does not obtain a current Association sticker for the current year (in other words, the lessee does not put a boat in their leased boat slip) is granted a one-season grace period. After the one-season grace period, the boat slip lessee must provide necessary documentation (i.e., boat registration and insurance) by March 31st to retain their boat slip lease for the current year's season. If a boat slip lessee does not provide necessary documentation by March 31st following a one-season grace period, the boat slip will be offered in writing to the next member in good standing on the waiting list. This grace period is only available one time per property owner. The Property Owner will then be assigned an annual sticker which must be placed on their boat/PWC.
